News Between Newsletters: April 2022

BOB WOODBURN

We regret to pass along the news that MLM Hall of Fame member Bob Woodburn passed on April 10th. Bob served as an original board member of the Steamboat Division of the Minnesota Transportation Museum in 1990 and as Secretary until 1996. Bob was actively involved in many aspects of *Minnehaha's* restoration – most notably the electrical and mechanical systems. Bob's work didn't stop there – he worked on the ribs, planking, and keel/keelson. He was also deeply involved in the engine/boiler/stack and other mechanical projects. Bob oversaw materials acquisition and managed design approval. Simply put, Bob was integral in every aspect of the boat's restoration. Bob's service continued through the years following the restoration and his passionate support of *Minnehaha* never wavered. He was elected into MLM's Hall of Fame in 2019.

The Board of Directors extends its sincere condolences to the Woodburn family and salutes Bob for all his contributions to the restoration and operation of *Minnehaha*. His support and encouragement will be greatly missed.

The family plans to announce memorial arrangements at a later date.
