## Vision for New Launch Site on August 15<sup>th</sup> Agenda For Excelsior City Council

At the regular August 15<sup>th</sup> meeting of the Excelsior City Council, MLM will share a high-level summary of its proposed vision for constructing a launch ramp at the George Street Fire Lane for the purpose of launching and hauling-out *Minnehaha* each season. The presentation, which will be included as part of the Council's 8.15.2022 packet can be downloaded from the City's website once it has been formally posted by staff. Participation of George Street residents and MLM members at the August 15<sup>th</sup> meeting is encouraged.

In July, MLM conducted two informational sessions with the residents of the George Street neighborhood. Should the Council be open to the proposed vision, MLM will then proceed to share it with the LMCD, MCWD and DNR for their consideration as well. Please note: This is a *conceptual* proposal and not a formal plan...we cannot say how much time the Council will allocate to the discussion.
